

Aurora Capital Holdings Ltd.
Annual Financial Report - Fiscal Year 2025

Management Summary

Aurora Capital Holdings delivered steady growth in fiscal year 2025, driven by expansion in its core asset management and advisory segments. Total revenue rose to \$48,500,000, up from \$41,200,000 in the prior year. Net profit for the year was \$9,750,000, compared with \$7,900,000 in fiscal year 2024.

EBITDA for the period stood at \$14,200,000, representing an EBITDA margin of approximately 29 percent. Earnings per share increased to \$3.42 from \$2.87.

Cash and cash equivalents at year end totaled \$6,300,000. Total assets were \$112,400,000 against total liabilities of \$38,600,000, leaving shareholders equity of \$73,800,000.
